The University of New Hampshire men's and women's rugby teams held their third annual Scott F. Milley Memorial Tournament this past weekend. The event was held both at Bremner Field and the new recreation campus turf field from 8 a.m. until 4 p.m.

There were three divisions that played in the tournament: women's collegiate, men's collegiate and men's social.

The women's teams included UNH A and B, Dartmouth A and B, Colby-Sawyer, UMF, Holy Cross, and Castleton. As for the men's teams, participants included UNH A and B, Northeastern A and B, AICA and B, Mass Maritime, Norwich, Albany and Bowdoin. Also, the men's social teams were Love Guns, Show Ponies, Teletubbies, Seacoast A and B, and ROTC.

"This tournament continues to grow more and more each year, and with the introduction for more competition, it made for a very prolific tournament," UNH women's rugby coach Nikki Zoufaly said.

The tournament is meant to show respect and honor remembrances of former UNH rugger Scott Francis Milley.

Milley played for the men's rugby team and was a part of the ROTC program during his time at UNH from 2005 till 2009. He had active duties in Afghanistan as a member of the U.S. Army for Operation Enduring Freedom and worked his way to the rank of first lieutenant.

On Nov. 30, 2010 Scott Milley's life was taken while in Afghanistan. Since 2011, the UNH men's and women's rugby teams have held the tournament bearing his name.

The money raised from the event goes to the Lt. Scott Memorial Foundation, which honors Scott F. Milley's memory and helps the financial needs of those in the military and awards scholarships to those interested in military school.

Saturday's event had a successful turnout, with lots of competition and a great fan base with friends, family and alumni all there for support. There was also a cookout throughout the day, which included free burgers and hotdogs, cooked and provided by the Milley family.

While enjoying food from the barbeque, fans gathered around the new Campus Recreation turf field to watch teams from all over New England compete.

The women's UNH A side played their first match against Dartmouth B, and UNH won 25-10. With a good start to the day, the women ruggers took on Colby Sawyer for their second match, winning 35-7.

"It was amazing how the girls used the field," Zoufaly said. "They really put it to good use, as they

on Colby Sawyer."

Continuing with their winning streak, UNHA took the third match due to UMF forfeiting.

The women's UNH B team played Castleton State and Dartmouth A, losing both matches. UNH B came in third in their pool and fourth place overall.

With three wins under UNH A's belt, it was the one seed in its pool and made it to the finals, where it played against Dartmouth.

Halfway through, UNH was up, and the game was looking close. With only 38 seconds left in the match, Dartmouth took the win with the score of 22-17.

"The Dartmouth coach asked me what I did to these girls for it (to) be such a close game. It was a phenomenal game with clean passes from the girls," Zoufaly said.

For the UNH men's side, the UNH A team had two victories against Northeastern B and Norwich.

Unfortunately, they were unable to finish the tournament with a clean sweep. They had three losses against AIC A, Northeastern A, and AIC B to end with a fourth place finish.

The UNH alumni team, The Love Guns, had a strong showing as well with a second place finish.

"Besides being a fundraiser, it gets to honor the legacy of a great rugby player," Zoufaly said.

There was a memorial for Scott Milley at 1:40 p.m., as well. During it, the Milley family was presented with flowers by the UNH men's rugby team. This was followed by a speech from Steve Milley, Scott Milley's father, where he thanked those in attendance and expressed just how much the tournament meant to him.

In total, the tournament raised a total of \$3,350.

"Every penny earned at the tournament will be sent to the foundation," UNH men's rugby player Patrick Meade said.
